Learn...

about biomass district heating and its potential for creating jobs and affordable housing in Tompkins County. Our featured speaker will be **Thomas Lund-Hansen**, Vice President of 7T (7Technologies), a member company of the Danish District Heating Board that planned and developed hundreds of district heating systems around the world and is one of the leaders in moving Denmark from being a net energy importer to a net exporter. Mr. Lund-Hansen has more than 20 years in the global energy industry and is currently heading up the Danish District Heating Board's entry into the Northeastern U.S. market.
